bitterschön

#forbitterdays

A bittersweet combination of tonic-meets-fruit juice. bitterschön has a complex, not too sweet and refreshingly bitter taste, perfect as a non-alcoholic ready-to-drink cocktail or aperitif. But a dash of alcohol does no harm and tastes downright wonderful, we think!

About Wonderful Drinks

Anna is the creative beverage mind behind Wonderful Drinks – a beverage company from Vienna. In 2020, she ventured out with the self-created fillers bitter fog and bitterschön into the world of spirits. It took a total of two and a half years until the recipe for the organic tonic bitter fog was

perfect. Anna herself spent hours in the kitchen and perfected it together with barkeepers, chefs and self-appointed foodies to perfect the unique recipe. The demands were high, the nerves often at the end, but the result is an unusually good tonic that has never been seen before. Cheers!
